Lightblue Learning

Certificate of Excellence

This is to certify that

Anne Custers

has successfully completed the

Food Waste Prevention Fundamentals

with a score of 88%

The participant has attended a 10-hours self-learning class and acquired fundamental knowledge related to food waste, such as the inefficiencies along the supply chain and circular economy solutions, food waste monitoring systems in commercial kitchens, specific KPIs related to food "efficiency" for food services, and innovations and technologies to strive for Zero Food Waste to Landfill.

Delivered on 18 Apr 2026
